

MAILCALL

Email to Export Accounts

Friday July 22, 2005

Look's like we missed MAILCALL for July 8th. It's vacation time the world around, and we were no exception, and with August being a big holiday time in Europe, we are going to skip forward to September 9 for the next MAILCALL unless something big comes up in the meantime.

Last week, the first plastic actuator components, made from our new molds, went into production as model B actuators. Today, we shipped a very generous order to Sleipner, in Norway, which contained some B actuators, giving them the distinction of receiving the first finished products made with the new stuff. Hey guys, take a look and let us have your comments.

Recently, we changed the Lectrotab website, but have another fairly significant change coming up which you should see it by the end of August. Let us have your comments.

So, until September, thanks to everyone for your business; Lectrotab will grow by about 50% this year, which is rewarding, manageable and enjoyable.

Next issue is Friday, September 9th, but let us hear from you in the meantime. Use mailcall@lectrotab.com for your reply. Our responses will be very quick.

Best Regards,

Lectrotab Sales
