

## Lectrotab Warranty Replacement Program

1. To determine if a Lectrotab part is covered under warranty, please see the “Warranty Period” listed below. All Lectrotab parts have a serial number date code used to determine if the part is still within the warranty period. The actuator serial number is located on the right side of the upper cover. An example for actuators would be “AL09” (L represents the month of November in alphabetical order (skip letter I) and 09 the year). The Oval control serial number date code is located on the back side of the control on a label (SETR-61-ASSY, 0623, 06 represents the year and 23 is the 23 week of the year). Also, please review the Lectrotab Lifetime Warranty for actuators to determine if an actuator failure is covered under warranty.

### Lectrotab Part

### Warranty Period (from date manufactured)

Actuators

5 years from date manufactured for actuators with serial numbers prior to November 1, 2009 (\*L09\*\*). Lifetime for actuators with serial numbers on or after November 1, 2009 (\*L09\*\*) (For warranty, actuators must be connected to Lectrotab brand tabs, control switch and single actuator per tab systems)  
3 years from date manufactured for actuators installed with non-Lectrotab parts or dual actuator systems

Oval (SETR)

2 years from date manufactured

Rocker Switch (SAF type)

2 years from date manufactured

Auto or Manual Leve Controls  
(ALC or MLC type)

2 years from date manufactured

Tabs (T or TA)

5 years from date manufactured

2. Standard actuator failures due to material and workmanship defects may be replaced with an exact or like model by obtaining a “Return Authorization” number from Lectrotab and sending the failed actuator back for warranty evaluation. If the returned actuator is deemed to be covered under warranty, a replacement actuator will be shipped to you ground freight, FOB Destination (continental USA) for domestic customers. For Lectrotab part failures other than actuators, please contact Lectrotab directly for a “Return Authorization” number.
3. Part failures due to normal wear and tear, misuse, abuse, neglect, negligence, incidental or consequential damages or a failure to follow Lectrotab’s written installation instructions are NOT covered by this warranty policy.
4. The warranty policy does NOT cover labor cost, hauling fees or any other associated fees pertaining to replacing the failed part, actuators installed in a non-Lectrotab trim tab system.
5. Actuator(s) must be connected to Lectrotab brand trim tab plates and control switch to qualify for lifetime warranty. Actuator warranty applies to complete Lectrotab boat trim tab systems only.
